

a

11 countries rise,
11 more fall in priority

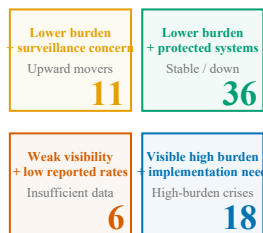

b

Burden and visibility
diverge worldwide

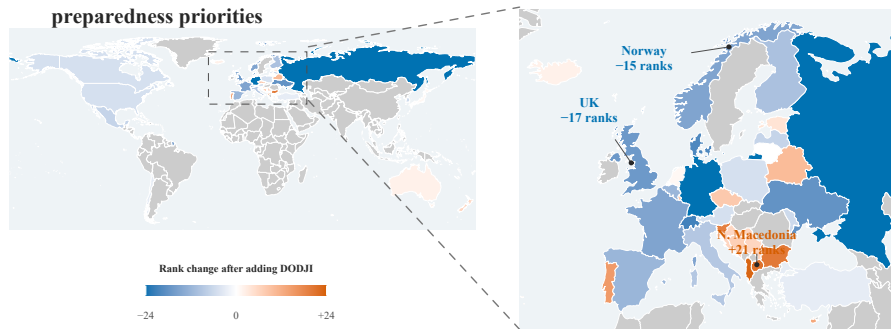

d

Upward movers cluster
where data are weakest

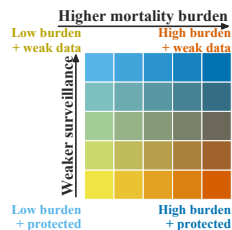

c

DODJI reorders national
preparedness priorities

e

How to read the colours

f

Six countries,
six surveillance stories

USA	High burden, visible crisis → implementation priority	burden rank 1 · DODJI -0.25
Canada	High burden, strong surveillance → early warning	burden rank 2 · DODJI -0.25
Albania	Moderate burden, weak visibility → surveillance investment	+23 ranks · DODJI 2.30
N. Macedonia	Low reported rate, high DODJI → reclassified upward	+21 ranks · DODJI 0.97
UK	High burden, strong visibility → sustain monitoring	-17 ranks · DODJI -0.77
Monaco	Microstate, sparse events → interpret with caution	+23 ranks · sparse events
