

a

10 countries rise,
10 more fall in priority

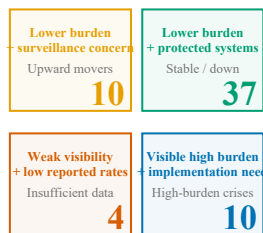

b

Burden and visibility
diverge worldwide

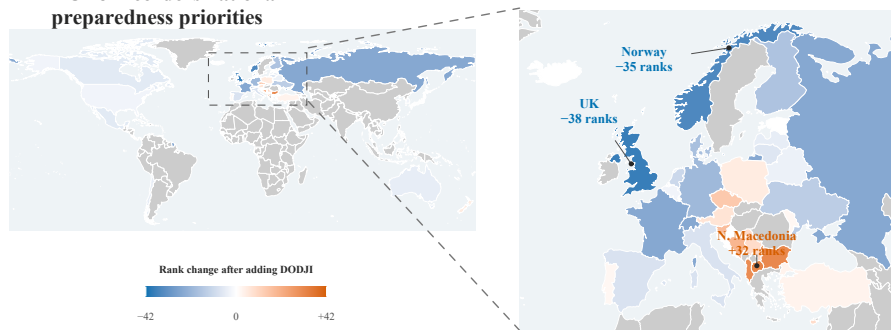

d

Upward movers cluster
where data are weakest

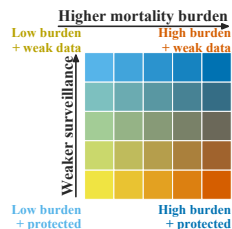

c

DODJI reorders national
preparedness priorities

e

How to read the colours

f

Six countries,
six surveillance stories

	USA High burden, visible crisis → implementation priority	burden rank 1 · DODJI -0.25
	Canada High burden, strong surveillance → early warning	burden rank 2 · DODJI -0.25
	Albania Moderate burden, weak visibility → surveillance investment	+30 ranks · DODJI 2.30
	N. Macedonia Low reported rate, high DODJI → reclassified upward	+32 ranks · DODJI 0.97
	UK Lower burden, strong visibility → sustain monitoring	-38 ranks · DODJI -0.77
	Monaco Microstate, sparse events → interpret with caution	+42 ranks · sparse events
