

d Vignettes: regime membership reorders country priorities

●	Iceland Small population, strong surveillance; high mortality triggers implementation	Priority rank #3 · DODJI 0.70
●	USA Visible crisis; dominant need is real-time toxicology & service linkage	Priority rank #4 · DODJI -0.25
●	Estonia High burden paired with above-median surveillance concern	Priority rank #7 · DODJI 0.28
●	Slovenia Moderate burden, weak visibility; priority reclassified upward	Priority rank #10 · DODJI 0.97
